**Programme
of professional development course**

Course topic	The contextuality of the sphere of scientific researches in the global and national dimensions. The development of regional scientometric school: the significance and features
Scientific area of the course	Медицина
Course duration	180 hours
ECTS	6
Total load	60 hours of online learning, 120 hours of self-education
Course competition document	CERTIFICATE
International internship period	10.11.2025-21.12.2025
Partner university	Baltic International Academy

The purpose of the programme is to familiarise the participants in detail with the procedure for publishing articles in journals indexed in the international databases Scopus/Web of Science, as well as the possibility of improving professional competencies, international cooperation and personal rating of a researcher through international publications.

General and professional competence
Increasing the awareness concerning scientific publications in international journals
Learning skills to work with the Scopus database
Learning skills to work with the Web of Science database
Improving skills to search for publications and author profiles in international databases
Learning skills to work with citations in international databases
Improving skills of unassisted selection of international journals for publication
The ability to distinguish a high-quality scientific journal from a predatory one
Getting an understanding of all stages of the publication process in rating publications
Obtaining knowledge on the layout of scientific articles per international requirements
Learning skills to track excluded journals from the Scopus database
Gaining knowledge about the formation of a researcher's personal image
Learning networking skills
Obtaining knowledge on international programmes for the researcher's advanced training
Improving public speaking and presentation skills
Improving analytical skills
Improving communication competencies
Improving creativity skills
